Community Grant Program Guidelines

North Alabama Medical Center is committed to making our community better through our generous support and involvement with local organizations. Since requests are numerous, we have implemented the following guidelines in order to assist you as quickly and accurately as possible.

MONETARY DONATIONS AND SPONSORSHIPS

North Alabama Medical Center will only consider requests from non-profit organizations.

North Alabama Medical Center does not consider donation requests for the following:

- Individuals
- Religious groups
- Political parties, candidates or causes
- Incomplete applications
- Requests made less than 4 weeks in advance
- Events that happen outside our service area
- North Alabama Medical Center reserves the right to consider each donation request on a case-by-case basis.

Many factors are included in the evaluation of these proposals, which are reviewed by our Community Contributions Committee once per week. If more information about a specific organization is needed, a representative of North Alabama Medical Center will contact the organization.

A decision to deny a request does not imply that the applicant's program is not needed or worthy, but simply that it does not fall within our guidelines or that funds are not available.
